PERSONAL STATEMENT

I am a highly motivated and results-driven agricultural professional with a deep rooted passion for farming. Having spent a lot of time on my grandfather's farm growing up, I developed extensive practical skills early on. Which I have since built upon with a B.Sc. in Agriculture and certifications in cattle handling, judging, and artificial insemination. My three years as a section manager at SIS Feedlot have honed my leadership abilities and operational expertise, and I am eager to apply my knowledge and work ethic to further contribute to the agricultural industry. I am currently self-employed as a web designer and developer.

WORK EXPERIENCE

- **Dairy herd manager, Southland NZ** JAN 2025-PRESENT
Herd manager
 - Milking, feeding, setting up grazing breaks, cow movement etc.
 - Road maintenance, irrigation, maintaining shed cleanliness, greasing implements.
